Application No. 10/538,729  
Amendment Dated 05/18/2006  
Reply to Office Action of 04/13/2006

**Remarks/Arguments**

Claims 19-23 are as originally presented. Claims 11-13, 15, and 18 were previously amended. Claims 1, and 5-9 are currently amended. Claims 2-4, 10, 14, 16, and 17 are cancelled. The amended claims are supported by the specification and do not present any new matter.

Applicants are required to make an election in light of the Examiner's Action mailed April 13, 2006. Applicants discussed the restriction requirement with the Examiner on May 15, 2006 and proposed an alternative group for election. In light of that discussion, Applicants amended claim 1 and subsequent claims as provided herein. Applicants communicated the proposed changes with the Examiner by facsimile transmittal. The Examiner indicated that he was amenable to the Applicants' proposed alternative group for election.

Applicants further identify the compound of Example 2 (see page 59 of the Specification) as a species within the scope of amended claim 1. The chemical structure of Example 3 is provided here for the Examiner's convenience.
